

HELD AS ALLEGED POISONER.

Discharged Negro Butler Accused of Attempted Double Murder.

MONTCLAIR, N. J., February 11.—Joseph S. Green, a negro, formerly employed as a butler in the home of Union Noble Bethell, senior vice president of the American Telephone and Telegraph Company and president of the New York Telephone Company, was sent to jail here yesterday to await action by the grand jury after pleading not guilty to a charge of attempting to poison Mrs. Bethell and their eight-year-old son.

The illness of the two members of the Bethell family followed a breakfast served February 5, shortly after Green had been given a week's notice of his dismissal. A physician diagnosed their symptoms as due to a poisonous drug, and the police began an investigation, which resulted, they say, in the finding of a bottle of the liquid in the butler's pantry and the subsequent arrest of Green. Mrs. Bethell and her son are said to have recovered fully.
